Key information

Weighting: 10% of the dissertation module mark.
Deadline: Monday 30 November 2026, 12:00 (UK time).
Length: 1,500 words, excluding references and the timeline.
Submit through the Project Specification submission point.

Purpose

The specification shows that your project is focused, feasible and ethical before you invest months of work in it.

Your specification must include

1. A focused research question.
2. The aims and objectives of the project.
3. A short review of related work, citing at least eight sources.
4. The proposed methodology, including how you will obtain your data.
5. Ethical considerations and the ethics review route you will follow.
6. A timeline to the final submission, for example as a Gantt chart.

Marking

Specifications are marked pass or fail with written feedback;
a failed specification must be revised and resubmitted within 10 working days.
